INDEPENDENT AUDITORS' REPORT

The Honorable Irvin F. Hingle, Jr.
Plaquemines Parish Sheriff
Pointe-A-La-Hache, Louisiana

We have audited the accompanying general purpose financial statements of the Plaquemines Parish Sheriff, as of and for the year ended June 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the Plaquemines Parish Sheriff. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Plaquemines Parish Sheriff, as of June 30, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated October 20, 2000, on our consideration of the Plaquemines Parish Sheriff's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information (pp. 23-37), including the schedule of expenditures of federal awards as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Plaquemines Parish Sheriff. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

The financial information for the preceding year which is included for comparative purposes was taken from the financial report for that year in which we expressed an unqualified opinion on the general purpose financial statements of the Sheriff.

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the Sheriff serves a four year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera.

As the chief law enforcement officer of the parish, the Sheriff is responsible for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, the Sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, parish occupational licenses, state revenue sharing funds, sportsmen's licenses, fines, costs, and bond forfeitures imposed by the district court.

The accounting and reporting policies of the Plaquemines Parish Sheriff (Sheriff) conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

For financial reporting purposes, the Sheriff includes all funds, account groups, activities, et cetera, that are controlled by the Sheriff as an independently elected parish official. As an independently elected parish official, the Sheriff is solely responsible for the operations of his office, which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the Sheriff's office that are paid or provided by the parish council as required by Louisiana law, the Sheriff is financially independent. Accordingly, the Sheriff is a separate governmental reporting entity. Certain units of local government, over which the Sheriff exercises no oversight responsibility, such as the parish council, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish Sheriff.

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

B. Fund Accounting

The accounts of the Sheriff are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

General Fund

The General Fund, as provided by Louisiana Revised Statute 33:1422, is the principal fund of the Sheriff's office and accounts for the operations of the Sheriff's office. The Sheriff's primary source of revenue is an ad valorem tax levied by the law enforcement district. Other sources of revenue include state revenue sharing, state supplemental pay for deputies, civil and criminal fees, and fees for court attendance and maintenance of prisoners. General operating expenditures are paid from this fund.

Capital Projects Fund

The capital projects fund was established during fiscal year ended June 30, 2000. This fund is used to account for improvements to the jail facility as well as other lawful expenses and operations of the Sheriff's Office.

Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from these funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The individual agency funds used by the Sheriff for the year ended June 30, 2000 are as follows:

Civil Fund - To account for funds held in connection with civil suits, Sheriff's sales, and garnishments and payment of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

Tax Collector Fund - Article V, Section 27 of the Louisiana Constitution of 1974, provides that the sheriff will serve as the collector of state and parish taxes and fees. The Tax Collector Fund is used to collect and distribute these taxes and fees to the appropriate taxing bodies.

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

Installment Fines Fund - To account for the collection of fines paid on an installment basis as authorized by the court. Transfers are made to the Bonds and Fines Fund when the fine has been completely collected and disposition is made by that fund.

Bonds and Fines Fund - To account for the collection of bonds, fines, and costs and payment of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

Prison Inmate Fund - To account for the deposits made by, and for, inmates to their individual accounts and the appropriate disbursements to these inmates.

C. General Fixed Assets and Long-Term Obligations

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in the General Fund. General fixed assets provided by the parish council are not recorded within the general fixed assets account group. No depreciation has been provided on general fixed assets.

All purchased fixed assets are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are stated at their estimated fair market value on the date donated. Estimated amounts are immaterial in relation to total fixed assets. Infrastructure (streets, sidewalks, etc.) expenditures are not incurred by the Sheriff. Interest costs are not capitalized as they relate to fixed assets.

Long-term obligations expected to be financed from governmental funds are accounted for in the general long-term debt account group, not in the General Fund.

The two account groups are not funds. They are concerned only with the measurement of financial position and do not involve measurement of results of operations.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The accompanying general purpose financial statements have been prepared on the modified accrual basis of accounting, except for the Agency Funds which are prepared on the cash basis of accounting, which approximates the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The General Fund uses the following practices in recording revenues and expenditures:

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges and commissions for services are recorded when the Sheriff is entitled to the funds.

Interest on interest-bearing deposits is recorded or accrued as revenues when earned. Substantially all other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except that principal and interest on general long-term obligations are recognized when due. Purchases of various operating supplies are recorded as expenditures at the time purchased.

Other Financing Sources

General fixed assets acquired through capital lease agreements are recognized as other financing sources and capital outlay expenditures at the time of acquisition. Also, proceeds from long-term loans are recognized as other financing sources when received.

E. Budget and Budgetary Accounting

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The chief administrative deputy prepares a proposed budget and submits it to the Sheriff for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

2. A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Sheriff. Such amendments were not material in relation to the original appropriations.

F. Cash, Interest-Bearing Deposits and Investments

Cash, interest-bearing deposits and investments include amounts in demand deposits, time deposits, and interest-bearing securities invested with the Louisiana Asset Management Pool (LAMP) which are stated at cost. An investment in the amount of \$486,868 at June 30, 2000 is deposited in LAMP, a local government investment pool. In accordance with GASB Codification Section 150.165, the investment in LAMP is not categorized into the three risk categories provided by GASB Codification Section 150.164 because the investment is in the pool of funds and thereby not evidenced by securities that exist in physical or book entry form. LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana, and is governed by a board of directors comprised of representatives from various local governments and state wide professional organizations. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. government, or one of its agencies, enterprises, or instrumentalities, as well as repurchase agreements collateralized by those securities. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. Under state law, the Sheriff may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana.

G. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

H. Revenue Anticipation Note

The Sheriff borrowed funds during the year ending June 30, 2000 in anticipation of ad valorem tax revenues. The Sheriff borrowed \$865,000 at 4.64% interest on October 19, 1999. This loan and the related interest of approximately \$893,429 were repaid in June of 2000; therefore, there is no liability at June 30, 2000.

I. Vacation and Sick Leave

Employees of the Sheriff's office earn from 10 to 25 days of vacation leave each year, depending on their length of service and earn 5 days of sick leave. Both vacation and sick leave must be taken in the year it is earned. At June 30, 2000, the Sheriff has no leave benefits required to be accrued and reported in accordance with generally accepted accounting principles.

J. Fund Equity

Reserved fund balances represent portions of fund equity not appropriable for expenditures (reserved for debt service and prepaid items).

K. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Sheriff as an extension of formal budgetary integration in the funds.

L. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Sheriff's financial position and results of operations. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

M. Total Columns on Combined Statements - Overview

Total columns on the Combined Statements - Overview are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

(2) Cash and Interest-Bearing Deposits

At June 30, 2000, the Sheriff has cash and interest-bearing deposits (book balances) totaling \$1,901,692.

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at June 30, 2000, are secured as follows:

Bank balances	<u>\$ 2,968,726</u>
Federal deposit insurance	\$ 100,479
Pledged securities (category 3)	<u>2,868,247</u>
Total federal insurance and pledged securities	<u>\$ 2,968,726</u>

Pledged securities in Category 3 includes uninsured or unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the Sheriff's name. Even though the pledged securities are considered uncollateralized (Category 3), Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sheriff that the fiscal agent has failed to pay deposited funds upon demand.

(3) Investment

The Sheriff had only one investment on which GASB Statement No. 31 applied. This investment was an investment in LAMP. GASB Statement No. 31 requires that investments, that fall within the definitions of said statement, be recorded at fair value. However, Statement No. 31 also states that *investments in an external investment pool can be reported at amortized cost if the external investment pool operates in a manner consistent with the Security Exchange Commission's (SEC's) Rule 2a7.*

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

LAMP is an external investment pool that operates in a manner consistent with SEC Rule 2a7. LAMP is also regulated by the Treasury of the State of Louisiana and fair value of the position in the pool is the same as the value of pool shares.

At June 30, 2000, the Sheriff's investment, at cost, is \$486,868. The amortized cost of this investment at June 30, 2000 is \$488,942. Because cost approximates amortized cost, the carrying value was not adjusted.

(4) Ad Valorem Taxes

The Sheriff is the ex-officio tax collector of the parish and is responsible for the collection and distribution of ad valorem property taxes. Ad valorem taxes attach as an enforceable lien on property as of January 1, of each year. Taxes are levied by the taxing bodies in October and are actually billed to the taxpayers by the Sheriff in November. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. The taxes are based on assessed values determined by the Tax Assessor of Plaquemines Parish and are collected by the Sheriff. The taxes are remitted to the appropriate taxing bodies net of deductions for pension fund contributions.

Ad valorem taxes are budgeted and recorded in the year levied and billed. For the year ended June 30, 2000, law enforcement taxes applicable to the Sheriff's General Fund, were levied at the rate of 15.82 mills on property with assessed valuations totaling \$475,441,330.

Total law enforcement taxes levied during 2000 were \$7,073,451. Taxes receivable in the General Fund at June 30, 2000 was \$7,004, and is included in due from governmental units and others.

(8) Pension Plan

Plan Description: The Plaquemines Parish Sheriff contributes to the Sheriff's Pension and Relief Fund, a cost-sharing multiple employer defined benefit pension plan administered by the Sheriff's Pension and Relief Fund, a public corporation created in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to sheriff and deputy sheriff members throughout the State of Louisiana. The Sheriff's Pension and Relief Fund issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Sheriff's Pension and Relief Fund, P.O. Box 3163, Monroe, LA 71210-3136.

Funding Policy: Plan members are required to contribute 8.7% of their annual covered salary and the Plaquemines Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 6% of annual covered payroll. The contribution requirements of plan members and the Plaquemines Parish Sheriff are estimated and may be amended by the Sheriff's Pension and Relief Fund. The Plaquemines Parish Sheriff's contributions to the Retirement System for the years ended June 30, 2000, 1999 and 1998 were \$787,987, \$683,016, and \$619,137, respectively.

(9) Postretirement Health Care and Life Insurance Benefits

The Sheriff provides certain continuing health care and life insurance benefits for its retired employees. Substantially all of the Sheriff's employees become eligible for those benefits if they reach normal retirement age while working for the Sheriff. These benefits for the seven retirees and similar benefits for 234 active employees are provided through a self insurance plan. The Sheriff recognizes the cost of providing the benefits for retirees as an expenditure when the monthly premiums are due. For the year ended June 30, 2000 the amount of retiree benefit expenditures (net of participant contributions of \$25,838) approximated \$39,804.

(10) Risk Management

The Sheriff is exposed to risks of loss in the areas of health care, general and auto liability, property hazards, and workers' compensation. Health care risk, general and auto liability and property hazards are handled by a self-insurance health plan, which is explained in the following paragraphs. Workers' compensation risk is handled by purchasing commercial insurance. There have been no significant reductions in this insurance coverage during the current fiscal year, nor have settlements exceeded coverage for the past three years.

A. Health Care Liability

The Sheriff established a limited risk management program for group hospitalization insurance. The Sheriff hired Gulf South Risk Services, Inc. as administrator for this program. This plan provides employee health benefits up to a maximum of \$1,000,000 per employee in a lifetime. The Sheriff purchases commercial insurance for individual claims in excess of \$50,000.

The General Fund of the Sheriff recognizes the assets, liabilities, revenues and expenditures of the group hospitalization insurance plan. The claims liability of \$236,053 reported in the fund at June 30, 2000, is based on the loss that is probable to have existed at the date of the financial statements and the amount of the loss that can be reasonably reduced by estimated insurance reimbursements. The Sheriff currently does not discount its claims liabilities.

A reconciliation of changes in liabilities as they relate to the group health insurance plan is as follows:

	<u>Balance at Beginning of Fiscal Year</u>	<u>Claims and Changes in Estimates</u>	<u>Benefit Payments and Claims</u>	<u>Balance at Fiscal Year-End</u>
Group hospitalization				
1998-1999	\$130,960	868,783	(779,446)	220,297
1999-2000	\$220,297	883,691	(867,935)	236,053

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

Claims payable for group hospitalization of \$236,053 at June 30, 2000 was determined as follows:

1.	Claims incurred prior to June 30, 2000 and paid subsequently	
a.	June 30, 2000 claims payment checks held as of June 30, 2000	\$ 144,069
b.	Paid as of September 30, 2000	123,320
2.	Claims incurred prior to June 30, 2000 but unpaid as of September 30, 2000	10,891
3.	<i>Provision for claims incurred but not reported</i>	-
4.	Specific reinsurance due to the Sheriff	(42,227)
	Total claims payable	<u>\$ 236,053</u>

The provision for claims incurred but not reported was not estimated at June 30, 2000 because the sheriff has reached its maximum limit (attachment point) of \$872,264 for this plan year. Any additional liability would ultimately be reimbursed by the excess insurance carrier; therefore, a liability and offsetting receivable were not computed.

Claims payable has other components as described in part B of this note as well as in Note (13).

B. Auto Liability and Professional Liability

Effective November 1, 1996, the Sheriff established a self-insurance plan to account for and finance its uninsured risk of loss which is administered by Gallagher Basset Services. Under this plan, the Sheriff has a claims made policy with Coregis Insurance Company. The Sheriff is liable for claims up to \$25,000 per covered employee or dependent. The aggregate maximum that the Sheriff is liable for is \$80,000. The amount of liability recorded at June 30, 2000 is \$52,933, which is included in claims payable on the balance sheet. Also, the Sheriff has recorded a receivable for amounts paid in excess of \$80,000 on the November, 1996 - October, 1997 policy. The receivable recorded at June 30, 2000 is \$6,474 and is reflected as a component of claims payable on the balance sheet.

(12) Operating Lease

On January 1, 1999, the Sheriff entered into a lease for detective office space. The initial term of the lease is five (5) years expiring on December 31, 2003. The monthly rental payments are \$755. The Sheriff has the option to renew the lease for an additional sixty months at a monthly rental rate to be decided then. Rental expense for the year ended June 30, 2000, was \$9,060.

The minimum future payments are as follows:

<u>June 30,</u>	
2001	\$ 9,060
2002	9,060
2003	9,060
2004	<u>4,530</u>
Total	<u>\$31,710</u>

(13) Commitments and Contingencies

A. Litigation and Claims

At June 30, 2000, the Sheriff is involved in several lawsuits claiming damages. All claims are covered by the self insured plan and are addressed in Note (10), part B, with the exception of one lawsuit, which is not covered by insurance.

PLAQUEMINES PARISH SHERIFF
Pointe-A-La-Hache, Louisiana

Notes to Financial Statements (Continued)

An accrual of \$15,000 has been recorded for the uninsured lawsuit that was referred to above. The \$15,000 is reflected as a component of claims payable on the balance sheet.

B. Construction Projects

As of June 30, 2000, the Sheriff had the following commitment net of accrued retainage payable with respect to an unfinished capital project:

<u>Capital project</u>	<u>Remaining construction commitment</u>	<u>Expected date of completion</u>
Parish Detention Center Additions and Renovations	\$339,485	December, 2000

(14) Noncompliance With Louisiana Local Government Budget Act

The following individual fund's actual expenditures were in excess of budgeted expenditures by more than five (5) percent as follows:

	<u>Budget</u>	<u>Actual</u>	<u>Unfavorable Variance</u>	<u>Percent</u>
General Fund: Expenditures	\$13,019,709	\$13,719,398	\$(699,689)	5.4%

(15) Expenditures of the Sheriff's Office Paid by the Parish Council

The Sheriff's office is located in the parish courthouse. The cost of maintaining and operating the parish courthouse, as required by statute, is paid by the Plaquemines Parish Council. These expenditures are not included in the accompanying financial statements.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Irvin F. Hingle, Jr.
Plaquemines Parish Sheriff
Pointe-A-La-Hache, Louisiana

We have audited the general purpose financial statements of Plaquemines Parish Sheriff, as of and for the year ended June 30, 2000, and have issued our report thereon dated October 20, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Plaquemines Parish Sheriff's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under Government Auditing Standards which are described in the accompanying schedule of findings, questioned costs and management's corrective action plan as items 00-1 and 00-2.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Plaquemines Parish Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Plaquemines Parish Sheriff's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purpose financial statements. The reportable condition noted is described in the accompanying schedule of findings, questioned costs and management's corrective action plan as item 00-3.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions, and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. We consider the reportable condition described in the accompanying schedule of findings, questioned costs and management's corrective action plan as item 00-3 to be a material weakness.

This report is intended solely for the information and use of management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Irvin F. Hingle, Jr.
Plaquemines Parish Sheriff
Pointe-A-La-Hache, Louisiana

Compliance

We have audited the compliance of the Plaquemines Parish Sheriff, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2000. The Plaquemines Parish Sheriff's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings, questioned costs and management's corrective action plan. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Plaquemines Parish Sheriff's management. Our responsibility is to express an opinion on the Plaquemines Parish Sheriff's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Plaquemines Parish Sheriff's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Plaquemines Parish Sheriff's compliance with those requirements.

In our opinion, the Plaquemines Parish Sheriff complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2000.

Internal Control Over Compliance

The management of the Plaquemines Parish Sheriff is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Plaquemines Parish Sheriff's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted a certain matter involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgement, could adversely affect the Plaquemines Parish Sheriff's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts and grants. The reportable condition is described in the accompanying schedule of findings, questioned costs, and management's corrective action plan as item 00-3.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we consider the reportable condition described as item 00-3 in the accompanying schedule of findings, questioned costs, and management's corrective action plan, to be a material weakness.

This report is intended solely for the information and use of management, others within the organization, and federal awarding agencies and pass-through entities and is not intended and should not be used by anyone other than these specified parties.
